## AUDIT FINDINGS

### NARRATIVE

Dismas Charities Clarksburg is located in a newly constructed building of Dismas Charities, Inc. opened on October 1, 2016. Dismas Charities Clarksburg located at 55 Columbia Blvd. Clarksburg, WV is a (Redacted) -bed community confinement facility (halfway house) for men and women used to provide quality, community-based services and programs to individuals in the criminal justice system and assist them in becoming positive productive members of their community. The average length of stay is approximately (Redacted) days. The facility currently has (Redacted) Federal offender residents (no State offenders) (age 18 years and over). The facility currently employs (Redacted) full-time staff.

This audit was conducted by DOJ Certified PREA Auditor Tina Sallee. During the Pre-Audit phase the auditor reviewed a variety of documents provided by the agency. These included policies and procedures, plans, protocols, training records, curricula, and other documents related to demonstrating compliance with the PREA Standards. The auditor did not receive any correspondence or requests from staff or residents prior to the on-site audit (a notice was posted with contact information for the PREA Auditor/audit date six weeks prior to the on-site audit).

An on-site PREA Audit was conducted on Thursday, October 20, 2016. An entrance meeting was held with Ms. Cathy Bellew, Regional Vice-President and Mr. Richard Townsend, Resident Monitor. The on-site audit work plan was discussed, samples of residents and staff were selected, and specialized staff were identified. Also, additional pre-audit information was obtained. Following the entrance meeting a tour of the facility was led by Ms. Cathy Bellew, Regional Vice-President and Mr. Richard Townsend, Resident Monitor. All areas of the facility were viewed (Redacted). PREA-related informational posters and the PREA audit notice were observed posted throughout the facility. Additionally, informational pamphlets and posters about PREA and the local Sexual Assault Crisis Services were found in areas where staff and residents had access. Pamphlets and posters are printed in English and Spanish. No SAFE or SANE staff are employed at the facility; however, these professionals are provided at United Hospital Center Emergency Room in Bridgeport, WV where forensic examinations would be conducted at no cost to the resident and/or their families.

Interviews were conducted with the Executive Vice-President/COO, the Regional Vice-President/Agency-Wide PREA Coordinator, the Regional Vice-President, the Facility Director, the Employment Placement Specialist, one Counselor (staff that conducts PREA education using video, pamphlets, posters and have all residents sign acknowledgement forms that they have received the PREA information and also conduct screening to ascertain risk of being sexually victimized and/or abusive), one Volunteer, one Resident Monitor, and 5 residents.

During the past 12 months, Dismas Charities Clarksburg reported zero (0) allegations/investigations of sexual harassment/sexual abuse (facility was opened by Dismas Charities, Inc. on October 1, 2016). But the agency with authority to conduct criminal investigations would be United States Parole Office and/or Federal Bureau of Prisons and/or the local Clarksburg Police Department and/or the West Virginia State Police. Mental health services can be provided by 3 local organizations and Community Treatment Services, Federal Bureau of Prisons Reentry Services Division, Residential Reentry Management Branch if needed.

The majority of residents interviewed reportedly had been located in another adult correctional facility before coming to Dismas Charities Clarksburg and had reportedly heard about/knew of PREA and were complimentary of their personal feelings about the safety and the security of this facility. The male residents reported that Dismas Charities Clarksburg is "100% better than..." (their previous placements); reportedly, feel "humanized again", "concerned about" because, "being incarcerated is being tolerated". They gave examples of being "given charitable opportunities" and "motivation for the future"; listing, being given the opportunity to initiate and to complete the arduous process of acquiring necessary documentation such as birth certificates (which is required to obtain photo I.D.'s and for employment opportunities); transportation to and from the facility for necessities/appointments/interviews that are required for transition from incarceration into employment, living on their own, and contributing to the care of their families; transportation and assistance with scheduling and follow up with any medical/mental health services needed. The residents reported that the staff of Dismas Charities Clarksburg are respectful, professional, and will help all residents with "everything in their power", "it is up to the person what changes they will make", "the staff do what they can". The residents were complementary of the Director, Ms. Kelly Davis. There were no residents identified as hearing or visually impaired, or who had limited English proficiency to interview this date.

All residents do receive information on PREA and their right to not be sexually abused/harassed, how to report sexual abuse/harassment, their right not to be punished for reporting such immediately upon arriving at the facility. Residents are assessed after intake/education process by the counselor to ascertain risk of being sexually victimized and/or abusive and the facility uses this information to keep residents safe. Additionally, after residents are admitted into the facility they are provided additional information about sexual abuse/harassment. Residents who have experienced trauma, abuse, or victimization are provided services, as needed.
