The PREA on-site audit was the second PREA audit for the Dismas Charities, Portland and was conducted by DOJ Certified PREA Auditor, Tina Sallee. During the pre-audit phase, the auditor reviewed a variety of documents provided by the agency/facility. These documents included but were not limited to agency and facility policies and procedures demonstrating compliance with the PREA Community Confinement Standards, staffing plans, floor plans, protocols, training records, and other documents related to demonstrating compliance with the PREA Community Confinement Standards. This auditor did not receive any correspondence or requests from staff or residents prior to the on-site audit (a notice was posted with contact information for the PREA Auditor/audit date six weeks prior to the on-site audit as required).

The on-site PREA Audit was conducted on Thursday 10/19/2017 and Friday 10/20/2017. An entrance meeting was held with Robert Lanning, Director. The on-site audit work plan was discussed, samples of residents and staff to be interviewed were selected, and specialized staff were identified. Also, additional pre-audit information was obtained. Following the entrance meeting a tour of the facility was led by the Director. All areas of the facility were viewed including administration areas, (Redacted). PREA related information posters were prominently posted and the PREA audit notice was also observed posted in the facility. Additionally, informational pamphlets regarding PREA and crisis services are given out during the intake/PREA education/orientation for each resident immediately upon arrival at the facility; and PREA information posters/contact information are posted for both resident and staff access. No SAFE or SANE staff are employed at this facility; however, these professionals are provided at University of Louisville Emergency Room/The Center for Women and Families where forensic examinations would be conducted at no cost to the resident and/or to their family.

Interviews were conducted with the Executive Vice-President/COO; the Regional Vice-President/Agency-Wide PREA Coordinator; the Director (also interviewed as the PREA Compliance Manager, a member of the Incident Review Team, a trained PREA Investigative Staff, the designated staff for monitoring volunteer PREA education/training, the designated staff member charged with monitoring retaliation and/or grievances); an Assistant Director (interviewed as a random sample of staff regarding PREA training); the second Assistant Director (interviewed as a random sample of staff regarding PREA training); a Counselor (interviewed as a random sample of staff regarding PREA training, a staff that conducts intake process which includes orientation of program/education regarding PREA, a staff that performs screening for Risk Assessment for Victimization and/or Abusiveness); three Resident Monitors (one from each shift) (interviewed as a random sample of staff regarding PREA training, a staff that conducts intake process which includes orientation of program/education regarding PREA, a staff trained as a first responder, facility staff responsible for conducting and documenting unannounced rounds); the Food Service Supervisor; 1 vendor; 2 Interns; and 20 male residents (there were no residents that had identified themselves as being gay, physically

disabled, or had made a report of a sexual abuse nature, there were no transgender or intersex residents, there were no LEP residents to interview).

During the past 12 months, there has been seven (7) administrative investigation of sexual harassment and/or sexual abuse (resident-on-resident). During the past 12 months, there has been zero (0) criminal investigations of sexual harassment and/or sexual abuse. Documentation and staff interviews confirmed that the administrative investigations (as all reports must be) were thoroughly investigated and the findings were as follows: 1 “substantiated” report of a sexual “relationship” (resident-resident), 5 “unsubstantiated”, and 1 “unfounded”; consequences were determined including but not limited to release/termination of placement of residents involved. Documentation and staff interviews confirmed that all allegations/reports of sexual harassment and/or sexual abuse be referred immediately for investigation. The agency with the authority to conduct investigations is KY DOC (Kentucky Department of Corrections) and would include Louisville Metro Police Department/Kentucky State Police. Mental health services can be provided locally by The Center for Women and Families and/or Centerstone (name changed from Seven Counties Services Louisville) if/when needed.

The residents interviewed reported that they had been located in another adult correctional facility before coming to Dismas Charities, Portland, and had reportedly heard about/knew of PREA and were complimentary of their thoughts and feelings regarding immediate intake/orientation to the program, the PREA education, and the safety and security of this facility. Documentation, staff and resident interviews confirmed that all residents do receive information on PREA and their right to not be sexually abused/harassed, how to not be sexually abused/harassed, how to report sexual abuse/harassment their right not to be punished for reporting such immediately upon arriving at the facility during intake/orientation. Documentation, staff and resident interviews confirmed that all residents be assessed to ascertain risk of being sexually victimized and/or abusive and the facility uses this information to keep resident’s safe. Additionally, after residents are admitted into the facility they are provided additional information regarding sexual abuse/harassment with the assigned Counselor. Residents who have experienced trauma, abuse, or victimization and/or request it are provided additional services as needed.

An exit conference was held with Robert Lanning, Director, Ellen Worley, Assistant Director, and Andrea Swoope, Assistant Director. Documents were timely and complete. Staff and resident interviews occurred efficiently. The entire facility was toured. Overall, the facility was well prepared for the PREA audit and performed well in all areas. After reviewing all pertinent information and after conducting resident and staff interviews, the auditor found that agency/facility leadership have clearly made PREA compliance a high priority and have devoted a significant amount of time and resources to PREA policy development, training of all staff and volunteers in the facility, and immediate education upon intake with all residents regarding PREA aspects.

None of the cameras field of view included toilet-shower areas. All toilets have doors on stalls and all showers have curtains. Both review of policies and interviews with staff and residents confirmed that opposite gender staff announce their presence when entering into the housing areas and/or restrooms. Staff and resident interviews confirmed that this is the policy and the practice. Residents in this facility can use the restroom, take a shower and/or change clothing in complete privacy.
