Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-onsite audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

Dismas Charities, Inc. operates the Dismas Charities Atlanta located at 300 Wendell Court, Atlanta, GA 30336 which is a (Redacted) -bed community confinement facility (halfway house) for men and women. Dismas Charities, Inc./Dismas Charities Atlanta operates under a contract with both the federal BOP (Bureau of Prisons). The federal BOP (Bureau of Prisons) is responsible for the custody and care of federal inmates/residents and oversees residential reentry centers (RRC's) also known as halfway houses, to provide assistance to inmates/residents who are nearing release into the community. RRC's (residential reentry centers) provide a safe, structured, supervised environment, as well as employment counseling, job placement, financial management assistance, and other programs and services. RRC's (residential reentry centers)/halfway houses help inmates/residents gradually rebuild their ties to the community and facilitate supervising activities during this readjustment period. Once awarded, the halfway house contracts are administered by the BOP (Bureau of Prisons) Residential Reentry Management (RRM) field offices, which include the published internal policy implementing the PREA regulations promulgated by the Attorney General on 8/20/2012 (updated 1/6/2014). (This date the facility housed (Redacted) federal inmates/residents.) Dismas Charities Atlanta is a community confinement facility/halfway house used to provide quality, cost-effective, community-based services and programs to individuals in the criminal justice system and assist them in becoming positive productive members of their community. This date the facility housed (Redacted) inmates/residents ((Redacted) male and (Redacted) female). The facility was housed in two secured buildings that are connected. The buildings housed (Redacted) multiple occupancy cell housing units, kitchen and dining area, day room/TV areas, laundry areas, outside areas. The average length of stay is approximately (Redacted). The Dismas Charities Atlanta facility currently employs (Redacted) full-time staff and (Redacted) contractor (maintenance) who may have contact with the residents. Everyone who enters either building must identify themselves at the Central Monitoring Office (CMO). Residents are subjected to a pat-down search, hand-held metal detectors are available to staff as needed. The Central Monitoring Office (CMO) has video camera monitor that allow video monitoring from all internal and external cameras ((Redacted) cameras are strategically placed and monitor (Redacted) areas. The staff in the CMO provides constant monitoring of the cameras, including the regulation of internal movement of visitors, staff, and residents throughout the facility (both buildings). Administrative offices are secure and residents are not allowed access without supervision.

The PREA on-site audit was the second PREA audit for the Dismas Charities Atlanta and was conducted by DOJ Certified PREA Auditor, Tina Sallee. During the pre-audit phase, the auditor reviewed a variety of documents provided by the agency. These documents included but were not limited to agency and facility policies and procedures demonstrating compliance with the PREA Community Confinement Standards, staffing plans, floor plans, protocols, training records, and other documents related to demonstrating compliance with the PREA Community Confinement Standards. This auditor did not receive any correspondence or requests from staff or residents prior to the on-site audit (a notice was posted with contact information for the PREA Auditor/audit date six weeks prior to the on-side audit as required).

The on-site PREA Audit was conducted on Thursday 9/21/2017 and Friday 9/22/2017. An entrance meeting was held on Thursday 9/21/2017 with Stephen Ricks, Director, Ronisha Pratt, Assistant Director and Robert Thomas, Assistant Director. The on-site audit work plan was discussed, samples of residents and staff to be interviewed were selected, and specialized staff were identified. Also, additional pre-audit information was obtained. Following the entrance meeting a tour of the facility was led by the Director and the Assistant Directors. All areas of the facility were viewed including administration areas, CMO (Central Monitoring Office) (that has one monitor for (Redacted) cameras that cover inside and outside of buildings), kitchen and dining area, (Redacted) multiple occupancy cell housing units in this facility, restrooms, laundry areas, library and GED classrooms, storage/maintenance area, and outside areas. PREA related informational posters were prominently posted and the PREA audit notice was also observed posted in the facility. Additionally, informational pamphlets regarding PREA and crisis services are given out during the intake/PREA education/orientation for each resident immediately upon arrival at the facility; and PREA information posters/contact information are posted for both resident and staff access. No SAFE or SANE staff are employed at this facility; however, these professionals are provided at Grady Memorial Hospital Emergency Room where forensic examinations would be conducted at no cost to the resident and/or to their family.

Interviews were conducted with the Executive Vice-President/COO; the Regional Vice-President/Agency-Wide PREA Coordinator; the Director (also interviewed as the facility PREA compliance manager, as a member of the Incident Review Team, as the designated staff member charged with monitoring retaliation and/or grievances); the Assistant Director (also interviewed as the designated staff for monitoring volunteer PREA education/training, as a member of the Incident Review Team); the Assistant Director (recently promoted from the position of Employee Placement Specialist); three (3) Resident Monitors, one from each of 3 shifts (interviewed as a random sample of staff regarding PREA training, the staff that conducts intake process which includes orientation of program/education regarding PREA, and the staff who performs screening for Risk Assessment for Victimization and/or Abusiveness); three (3) Counselors; maintenance contractor; one (1) volunteer; one (1) United States Probation Officer; twenty (20) residents (including one (1) that identified as limited English Proficient with the assistance of interpreter and counselor Cynthia Doumit, five (5) that identified as disabled, two (2) that identified as being gay or bi-sexual, three (3) female, (at least one resident from each of the housing units). There were no residents these dates that had made a report of a sexual abuse nature and there were no transgender or intersex residents to interview.

During the past 12 months, there has been one (1) administrative investigations of sexual harassment and/or sexual abuse. During the past 12 months, there have been zero (0) criminal investigations of sexual harassment and/or sexual abuse. Documentation and staff interviews confirmed that this one (1) report (as all reports must be) was thoroughly investigated and the finding was "unfounded"; consequences can be determined including but not limited to release/termination of placement of residents involved. Documentation and staff interviews confirmed that all allegations/reports of sexual harassment and/or sexual abuse be referred immediately for investigation. The agency with the authority to conduct criminal investigations would be United States Probation Office/BOP (Bureau of Prisons) and would include Fulton County Police Department. Mental health services can be provided locally by Community Treatment Services, Federal Bureau of Prisons Reentry Services Division, Residential Reentry Management Branch and/or Grady Memorial Rape Crisis Center with a 24 hour crisis line, Mercy Care General Health, and/or Atlanta Psychology Association (APA) if/when needed.

The residents interviewed reported that they had been located in another adult correctional facility before coming to Dismas Charities Atlanta and had reportedly heard about/knew of PREA and were complimentary of their thoughts and feelings regarding immediate intake/orientation to the program, the PREA education, and the safety and security of this facility.

Documentation, staff and resident interviews confirmed that all residents do receive information on PREA and their right to not be sexually abused/harassed, how to report sexual abuse/harassment, their right not to

be punished for reporting such immediately upon arriving at the facility during intake/orientation. Documentation, staff and resident interviews confirmed that all residents are assessed to ascertain risk of being sexually victimized and/or abusive and the facility uses this information to keep residents safe. Additionally, after residents are admitted into the facility they are provided additional information regarding sexual abuse/harassment with the assigned Counselor. Residents who have experienced trauma, abuse, or victimization and/or request it are provided additional services as needed.

An exit conference was held with Stephen Ricks, Director, and Ronisha Pratt, Assistant Director on 9/22/2017. Documents were timely and complete. Staff and resident interviews occurred efficiently. The entire facility was toured. Overall, the facility was well prepared for the PREA audit and performed well in all areas. After reviewing all pertinent information and after conducting resident and staff interviews, the auditor found that agency/facility leadership have clearly made PREA compliance a high priority and have devoted a significant amount of time and resources to PREA policy development, training of all staff and volunteers in the facility, and immediate education upon intake with all residents regarding PREA aspects,

Facility Characteristics

The auditor's description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

Dismas Charities, Inc. operates a halfway house/facility Dismas Charities Atlanta for federal inmates/residents, located at 300 Wendell Court, Atlanta, GA. The tour of the facility was conducted by the Director and the Assistant Directors. The facility is housed in two secured connected buildings with (Redacted) multiple occupancy cell housing units and restrooms that were viewed (restrooms had showers – all showers had curtains; and stalls with toilets – all stalls had doors; and sinks), laundry areas, kitchen and dining area, TV day rooms (Redacted), outside areas. (Redacted)

The PREA audit notice and PREA posters containing PREA information are prominently posted for resident and staff access.

The facility has not made a substantial expansion or modification to existing facility since last PREA on-site audit 9/15/2015 but facility has installed more cameras. Documentation and staff interviews confirmed the practice that any expansion or modifications to existing facility has and would in future take into consideration the effect of any modification, expansion, and/or updating of video monitoring system upon the agency/facility ability to protect residents and staff from sexual harassment/sexual abuse. Dismas Charities, Inc. and Dismas Charities Atlanta has documentation of PREA Standards Implementation (revised 12/31/2011) and has been robust in the assignment of an Agency-Wide PREA Coordinator/Regional Vice-President Joseph Theriot, the development of the agency/facility written policy mandating zero-tolerance toward all forms of sexual harassment and/or sexual abuse, the training of all staff, the education of all residents immediately upon intake, the documentation to verify the facility's compliance with the PREA

Community Confinement Standards to enhance safety and promote a zero-tolerance culture for sexual abuse and/or sexual harassment.

Agency/facility policy prohibits searching or physically examining a transgender or intersex resident for the sole purpose of determining the resident's genital status. This was confirmed during staff interviews.

None of the cameras field of view included toilet-shower areas. All toilets have doors on stalls and all showers have curtains. Both review of policies and interviews with staff and residents confirmed that opposite gender staff announce their presence when entering into the dorm housing areas and/or restrooms. Staff and resident interviews confirmed that this is the policy and the practice. Residents in this facility can use the restroom, take a shower and/or change clothing in complete privacy. There were no transgender and/or intersex residents to interview this date but confirmed by documentation and staff interviews staff have received training.
